Dear Mr. Reed:

Department personnel have completed the technical review of the Final RFI Work Plan (Volumes I, II and III) for the Naval Station Mayport. Volumes I & II, the Work Plan and the Sampling and Analysis Plan, were reviewed for adequacy and determined to be satisfactory for their purpose. Volume III, the Health and Safety Plan (HSP), was reviewed only for negative comments since the Department does not approve HSPs. There were no comments necessary.

If I can be of any further assistance with this matter, please contact me at (904)488-0190.

Sincerely,

Eric S. Nuzie
